Contents

Key terms

This section explains some of the terms that you will find in this document.

A

Above Threshold Benefit (ATB)

Once the day-to-day claims that you have sent to us add up to the Annual Threshold, we pay the rest of your day-to-day claims from the Above Threshold Benefit, at the Discovery Health Rate or a portion of it. The Priority plans have a limited ATB.

Annual Threshold

We set the Annual Threshold amount at the beginning of each year. The number and type of dependants (spouse, adult or child) on your plan will determine the amount.

The Annual Threshold is the amount that your claims must add up to before we pay your day-to-day claims from the limited Above Threshold Benefit.

C

Chronic Disease List (CDL)

This is a defined list of chronic conditions that we cover according to the Prescribed Minimum Benefits.

Chronic Drug Amount (CDA)

The Chronic Drug Amount is the monthly amount that we pay up to for a medicine class. This amount is subject to a member's plan type. It applies to chronic medicine that is not listed on the medicine list (formulary).

Chronic Illness Benefit (CIB)

The Chronic Illness Benefit covers medicine and treatment for a defined list of chronic conditions. You need to apply for the cover first.

Comprehensive cover

This cover exceeds the essential healthcare services and Prescribed Minimum Benefits that are prescribed by the Medical Schemes Act 131 of 1998. Comprehensive cover offers you extra cover and benefits to complement your basic cover. It gives you the flexibility to choose your healthcare options and service providers. Whether you choose full cover or options outside of full cover, we give you the freedom to decide what suits your needs. Our cover is in line with, or goes beyond, defined clinical best practices. This ensures that you receive treatment that is expected for your condition and that is clinically appropriate.

We may review these principles from time to time to stay current with changes in the healthcare landscape. While comprehensive, your cover remains subject to the Scheme's treatment guidelines, protocols and designated service providers. We still prioritise managed care to make sure you get the best outcomes for your health.

Co-payment

This is an amount that you have to pay towards a healthcare service. The amount can vary, depending on the type of healthcare service, the place of service and whether the amount that the service provider charges is higher than the rate that we cover. If the co-payment amount is higher than the amount charged for the healthcare service, you will have to pay for the cost of the healthcare service.

Cover

Refers to the benefits that you can access on your health plan and how we pay for these healthcare services. The services may include consultations, medicine and hospital visits.

D

Day-to-day benefits

The day-to-day benefits are the available money allocated to the Medical Savings Account, cover from the limited Above Threshold Benefit or defined benefits for day-to-day healthcare services.

Day-to-Day Extender Benefit (DEB)

The Day-to-day Extender Benefit extends your day-to-day cover for essential healthcare services, in our network, if you have spent your yearly Medical Savings Account (MSA) allocation before you reach the Annual Threshold.

Designated service provider (DSP)

This refers to a healthcare professional or provider (for example, a doctor, specialist, allied healthcare professional, pharmacy or hospital) who/that has agreed to provide Discovery Health Medical Scheme members with treatment or services at a contracted rate. To view the full list of designated service providers, visit www.discovery.co.za, or click on 'Find a healthcare provider' on the Discovery Health app.

Discovery Health Rate (DHR)

This is the rate that we pay for healthcare services from hospitals, pharmacies, healthcare professionals and other providers of relevant healthcare services.

Discovery Health Rate for medicine

E

Emergency medical condition

An emergency medical condition may be referred to, simply, as an emergency. It is the sudden and, at the time, unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to give this medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or it would place the person's life in serious jeopardy.

An emergency does not necessarily need you to be admitted to a hospital and you may be treated in casualty only. We may ask you for more information to confirm the emergency.

F

Find a healthcare provider

'Find a healthcare provider' is a medical provider search tool that is available on the Discovery Health app and website.

H

HealthID

Discovery HealthID is an online digital platform that gives your doctor fast, up-to-date access to your health information. Once you have given consent, your doctor can use HealthID to access your medical history, refer you to other healthcare professionals and check your relevant test results.

M

Medical Savings Account (MSA)

You have access to a Medical Savings Account (MSA) at the beginning of each year or when you join the Scheme. You pay this amount back in equal portions as part of your monthly contribution.

We pay your day-to-day medical expenses from the money allocated in your MSA. These day-to-day expenses are for general practitioner (GP) and specialist consultations, acute medicine, and radiology and pathology services, among others.

You can choose to have your claims paid from the MSA, either at the Discovery Health Rate or at cost. If you have unused money in the account, this will carry over to the next year. If you leave the Scheme or change your plan during the year and have used more of the MSA money than what you have contributed, you will need to pay the difference to us.

Medicine list (formulary)

This is a list of medicine that we cover in full. You can use the medicine to treat approved chronic conditions. This list is also known as a formulary.

N

Networks

Depending on your chosen plan, you may need to use specific hospitals, doctors, specialists or allied healthcare professionals in a network. We have payment arrangements with these providers to make sure you can access quality care that is affordable. When you use a network provider, you avoid having to pay extra costs and co-payments.

- An emergency medical condition
- A defined list of 271 diagnoses

What is considered a medical emergency?

An emergency medical condition may be referred to, simply, as an emergency. It is the sudden and unexpected onset of a health condition that requires immediate medical or surgical treatment. Failure to provide this medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or it would place the person's life in serious jeopardy. An emergency does not necessarily require you to be admitted to a hospital and may be treated in casualty. We may ask you or your treating provider for information to confirm the emergency.

We pay your day-to-day medical expenses, such as those for GP and specialist consultations, medicine (excluding registered chronic medicine), radiology and pathology, from the available money in your MSA. If you have money left over, this will carry over to the next year.

You have the option for us to pay your claims from the MSA at either the DHR or at cost.

If you have chosen to have your claims paid from the MSA at cost, we will automatically pay your claims that are more than the DHR. If you have chosen to have your claims paid from your MSA at the DHR, and you wish to have claims that are more than the DHR or benefit limits paid from the available money in your MSA, you can request a special payment from your MSA.

Claims that are paid from the MSA and which are more than the DHR do not add up to the Annual Threshold.

Self Payment Gap

If the money in your MSA runs out before you reach your Annual Threshold, you will have to pay for claims from your own pocket until your claims reach the Annual Threshold amount. This period is known as the Self-Payment Gap. It is important that you continue sending in your claims during the Self-Payment Gap so that we know when you reach your Annual Threshold for claims.

Claims will reduce your Self-Payment Gap and accumulate towards your Annual Threshold at 100% of the DHR, or a portion of this, as shown in the first table on the next page. Certain claims will not accumulate.

Day-to-day Extender Benefit

This benefit pays for certain day-to-day benefits after you have run out of money in your MSA and before you reach the Annual Threshold. It covers video call consultations with a network GP and pharmacy clinic consultations in our defined Wellness Network. We also cover you for face-to-face consultations with a network GP when you are referred after a video call consultation or by the pharmacy clinic virtual GP. We cover face-to-face consultations up to the DHR limit. On the Classic plan, kids younger than 10 years have access to two kids casualty visits a year.

Above Threshold Benefit

We start paying day-to-day expenses from your Above Threshold Benefit once you have reached your Annual Threshold.

Some claims do not add up to your Annual Threshold and are not paid from your Above Threshold Benefit, for example:

- Medicine that you do not need a prescription for (over-the-counter medicine)
- Childhood vaccines and immunisations
- Lifestyle-enhancing products
- Claims that are more than the DHR
- Claims paid in excess of the yearly benefit limits.

What we pay for

The Above Threshold Benefit is limited and covers all day-to-day expenses at the DHR or at a portion of the DHR. Certain benefit limits may apply. You will need to pay for any difference between the DHR and the amount claimed. You will also have to pay any amount that exceeds the yearly benefit limit (where applicable) or the Above Threshold Benefit limit.

For more detail on how you are covered, visit 'Do we cover' on our website, www.discovery.co.za.

Day-to-day cover

We cover your day-to-day healthcare expenses from your Medical Savings Account (MSA), Day-to-day Extender Benefit (DEB) and limited Above Threshold Benefit (ATB).

Some day-to-day healthcare services have limits. These are not separate benefits. Limits apply to claims that are paid from your MSA and ATB. We pay day-to-day benefits up to the ATB limit or up to the benefit limit that applies – whichever you reach first.

We add these amounts to the Annual Threshold and pay them from your ATB, once you reach your ATB. We add up the amount paid from your MSA and ATB to the benefit limit available. If the claimed amount is less than the Discovery Health Rate (DHR), we will pay and add the claimed amount to the Annual Threshold. Claims paid from your Day-to-day Extender Benefit will not accumulate to the Annual Threshold.

The tables below show you how much we pay for your day-to-day expenses on the Priority plans.

When you claim, we add up the following amounts to get to the Annual Threshold:

Healthcare providers and medicine	What we pay
Specialists who we have an arrangement with	We pay up to the rate that we have agreed on with the specialist
Specialists who we do not have an arrangement with	100% of the Discovery Health Rate (DHR)

Chronic benefits

The Chronic Illness Benefit (CIB) covers you for a defined list of 27 medical conditions, known as the Chronic Disease List (CDL).

What we cover

Prescribed Minimum Benefit conditions

You have access to treatment for a list of medical conditions under the Prescribed Minimum Benefits. The Prescribed Minimum Benefits cover the 27 chronic conditions on the CDL.

Our plans offer benefits that are richer than PMBs. To access PMBs, certain rules apply.

Medicine cover for the Chronic Disease List

We cover you in full for approved chronic medicine on our medicine list (formulary). For medicine that is not on our list, we cover you up to the generic Reference Price, where a generic alternative exists, up to a set monthly rand amount. This amount is called the Chronic Drug Amount (CDA).

How we pay for consultations and medicine

You must nominate a GP in the Discovery Health Network to be your Primary Care GP and manage your chronic conditions. You can change your nominated Primary Care GP three times a year. To find a doctor and learn more about the nomination process, www.discovery.co.za or the Discovery Health app.

To be covered in full for your GP consultations, you must visit your nominated Primary Care network GP. If you see a GP who is not your nominated Primary Care GP or a nominated GP that is not a network GP, you will have to pay a co-payment. For more information on our care programmes and enrolment by your Premier Plus Network GP, please refer to the last page in Section 8.

We pay up to a maximum of the Discovery Health Rate (DHR) for medicine that you buy from one of our network pharmacies. The DHR for medicine is the price of the medicine and the fee for dispensing it.

How to activate the benefit

You must apply for the CIB. Your Primary Care GP must complete the form online or send it to us for approval.

Visit www.discovery.co.za to view the detailed CIB guide.

If you have a qualifying condition, we give you access to a readmission prevention programme. Through the programme, we pay for approved follow-up care and health coaching sessions to help you navigate the first 30 days of recovery after you are discharged from hospital. Cover is subject to benefit entry criteria. If you meet the criteria, we will contact you and help you to access the benefit.

Spinal Care Programme

For conservative spinal treatment out-of-hospital, you have access to a defined basket of care. The basket includes cover for virtual and face-to-face consultations with an appropriately registered allied healthcare professional.

In-rooms procedures

We pay for a defined list of procedures that are performed in specialists' rooms. Provided that your procedure is authorised by the Scheme, we will cover you from your Hospital Benefit and pay up to the agreed rate.

Extra benefits on your plan

You get the following extra benefits to enrich your cover.

International Travel Benefit

When you travel outside of South Africa and have a medical emergency, we pay for the medical costs. This benefit provides up to R5 million per person on each journey. The cover is for a period of 90 days from the time you leave South Africa. Pre-existing conditions are excluded.

For elective (non-emergency) treatment that you receive outside of South Africa, we may cover you at equivalent local costs, provided that the treatment is readily and freely available in South Africa and that it would normally be covered by your plan.

WHO Global Outbreak Benefit

The WHO Global Outbreak Benefit is available to all members during a declared outbreak period. Through the benefit, we pay for the administration of vaccinations (where applicable). The benefit also gives you a defined basket of care for out-of-hospital healthcare services related to outbreak diseases, such as COVID-19 and Mpox.

International Second Opinion Services

Through your specialist, you can access a second opinion from a physician specialist at The Clinic (by Cleveland Clinic). This cover is for life-threatening and life-changing conditions. We pay 75% of the cost of the second opinion service.

Africa Evacuation Benefit

We cover you for emergency medical evacuations from certain sub-Saharan African countries back to South Africa. Pre-existing conditions are excluded.

Supportive Post-surgery Programme

For certain low-acuity surgical procedures performed in the Scheme's Short Stay Surgical network, you will unlock access to a defined basket of care for post-operative care related to your procedure. This basket of care includes cover for home nursing and virtual physical therapy. Cover is subject to meeting the Scheme's clinical entry criteria, treatment guidelines and protocols.
