1. Important details about pre-assessments

A pre-assessment helps you to understand your cover and any shortfalls you may have to pay

- With a completed pre-assessment, you are able to compare the costs that your service provider charged with the costs that your health plan will cover. It helps you to understand any financial implications beforehand.
- A pre-assessment is a quote and does not guarantee payment.

A pre-assessment is done on request and you need to ask for it before having the procedure

- We will only do a pre-assessment before the procedure is done and we have issued an authorisation.
- We need at least seven working days to complete the assessment.

A pre-assessment does not replace the authorisation you need from the Scheme

- This is only a guideline for costs and what the Scheme will pay according to your plan type and Scheme Rules you still need to obtain the relevant authorisation before the procedure is done.
- Please note that we will only pay for the codes received according to this quote. If your doctor changes or adds codes to this quote, we cannot accept any responsibility for the difference in cover.

We will send a completed assessment letter to you

- Because the information in a pre-assessment form is confidential, we will send the completed assessment letter to you only.
- We will send the completed assessment letter using the preferred communication channel given in this form. If you do not give us an email address or fax number or if the details do not belong to you, we will post it to the address we have on our records for you.
