Member's acceptance and permission

I give permission for my healthcare provider to provide Anglovaal Group Medical Scheme and Discovery Health (Pty) Ltd with my diagnosis and other relevant clinical information required to review my application. I agree to give permission for you to collect and record information about my condition and treatment, this will also be used to develop registries. This data will be analysed, evaluated and used to measure clinical outcomes and make informed funding decisions.

I understand that:

- 2.1. Funding from the Chronic Illness Benefit is subject to meeting benefit entry criteria requirements as determined by Anglovaal Group Medical Scheme.
- 2.2. The Chronic Illness Benefit provides cover for disease-modifying therapy only, which means that not all medicines for a listed condition are automatically covered by the Chronic Illness Benefit.
- 2.3. By registering for the Chronic Illness Benefit, I agree that my condition may be subject to disease management interventions and periodic review and that this may include access to my medical records.
- 2.4. Funding for medicine from the Chronic Illness Benefit (CIB) will only be effective from when the Scheme receives an application form that is completed in full. I can refer to the table in Sections 3 and 4 to see what additional information is required to be submitted for the condition for which I am applying.
- 2.5. A new Chronic Illness Benefit application form needs to be completed when applying for a new chronic condition.
- 2.6. If I am approved on the benefit, I need to let the Scheme know when my treating doctor changes my treatment plan so my chronic authorisation/s can be updated. I can do this by emailing the new prescription to the email provided or asking my doctor or pharmacist to do this for me. Alternatively, my doctor can log onto HealthID to make the changes, provided that I have given consent. If I do not let the Scheme know about changes to my treatment plan, my claims may not be paid from the correct benefit.
- 2.7. To make sure that my claims are paid from the correct benefit, the claims from my doctors must be submitted with the relevant ICD-10 diagnosis code(s). I must ask my doctor to include my ICD-10 diagnosis code(s) on the claims they submit and on the form that they complete when they refer me to pathologists and radiologists for tests. This will enable pathologists and radiologists to include the relevant ICD-10 diagnosis code(s) on the claims they submit, ensuring that my claims are paid from the correct benefit.

Consent for processing my personal information

I give the Scheme and the Administrator consent to have access to and process all information (including general, personal, medical or clinical information) that is relevant to this application. I understand that this information will be used for the purposes of applying for and assessing my funding request for Chronic Illness Benefits. I consent to the Scheme and the Administrator disclosing, from time to time, information supplied to them (including general, personal, medical or clinical information) to my healthcare provider and to relevant third parties, to administer the Chronic Illness Benefits as well as undertake managed care interventions related to the chronic condition.

Consent withdrawal for your Chronic Illness Benefit (CIB)

Withdrawing consent for your general, personal, medical or clinical information to be accessed or shared with relevant third parties, means that you will no longer have access to funding from the applicable chronic illness benefits. Claims which would usually be funded from the chronic illness benefits will, once consent is withdrawn, be funded from other available benefits according to the rules of your plan. Should you wish to continue with the consent withdrawal process, then please email CIB_APP_FORMS@avgms.co.za.
