

Chronic Disease List (CDL) Conditions Treatment Baskets – 2024

Who we are

The Anglovaal Group Medical Scheme (referred to as 'the Scheme'), registration number 1571, is a non-profit organisation, registered with the Council for Medical Schemes. Discovery Health (Pty) Ltd (referred to as 'the administrator') is a separate company and an authorised financial services provider (registration number 1997/013480/07). We take care of the administration of your membership for the Scheme.

Treatment baskets for Chronic Disease List (CDL) conditions

The Chronic Disease List (CDL) is a list of conditions which all medical schemes need to cover on all the plans they offer to their members. This cover includes funding for the diagnosis, treatment and ongoing care for the listed conditions.

Read further to understand what procedures, investigation and consultations are covered for both the diagnosis and ongoing management for each condition.

We will only pay Chronic Disease List (CDL) claims if your condition has been approved on the Chronic Illness Benefit

Only claims for procedures and consultations listed in the Chronic Disease List (CDL) treatment baskets will be paid from the Chronic Illness Benefit. These are pro-rated based on the date of approval of your chronic condition. Where you have cover for the same procedure or test in more than one basket, we limit payment to the number of procedures or tests in the basket that has the highest number.

How we pay for tests to diagnose your condition

If you have been recently diagnosed with and approved for cover for a Chronic Disease List (CDL) condition, we will pay for the tests and procedures in the diagnostic basket in full. We will also pay in full for the consultation with the healthcare provider who made the diagnosis. We will only pay for these tests, procedures and consultation provided that you were an active and valid member of the Scheme at the time of the diagnosis and the relevant ICD-10 diagnosis codes are on the claim. Please ask your doctor to provide the date of diagnosis of your condition(s) on the Chronic Illness Benefit (CIB) application form to assist us to pay your claims from the correct benefit.

We will pay tests and procedures for your condition according to the treatment baskets

We pay claims from the treatment baskets for the ongoing management of your condition from healthcare providers such as radiologists, dietitians and podiatrists in full.

We pay claims from pathologists who we have a payment arrangement with in full up to the agreed rate. We will pay up to a maximum of the Scheme Rate if you use a pathologist who we do not have a payment arrangement with. You will have to pay the difference between what is charged and what we pay.

We pay for claims from Diabetes Educators up to the agreed rate subject to the limit being available.

How we pay GP consultations related to your condition

We pay for four (4) consultations that are related to your approved condition a year at a GP who is a designated service provider up to the agreed rate. We pay up to a maximum of 100% of the Scheme Rate for consultations with a GP who is not a designated service provider. You must pay any difference between what is charged and what we pay.

How we pay specialist consultations related to your condition

Depending on your condition, we pay for a specific number of consultations with a specialist as listed in the treatment baskets. We will pay the consultation at a specialist who is a designated service provider up to the agreed rate. We pay up to a maximum of 100% of the Scheme Rate for consultations with a specialist who is not a designated service provider. You must pay any difference between what is charged and what we pay.

Please make sure your claims have the appropriate ICD-10 diagnosis code

To make sure that we pay your claims from the correct benefit, we need the claims from your healthcare providers to be submitted with the relevant ICD-10 diagnosis codes. Please ask your doctor to include your ICD-10 diagnosis codes on the claims they submit and on the form that they complete, when they refer you to pathologists and radiologists for tests. This will enable pathologists and radiologists to include the relevant ICD-10 diagnosis codes on the claims they submit to ensure that we pay your claims from the correct benefits.

We will not pay claims from the Chronic Illness Benefit if these requirements are not met

We will not pay claims from the Chronic Illness Benefit if:

- the claims are submitted without the relevant ICD-10 diagnosis codes
- you are not yet registered on the Chronic Illness Benefit for a Chronic Disease List (CDL) condition
- you have exceeded the frequency limit on consultations or tests

To find the closest GP or specialist on our network, please log on to www.avgms.co.za, select the AVGMS tab, then go to Find a healthcare professional.
